Health and Safety Library and Curricula Catalog Updates

Manfred Stanfield
MDB, Inc
Durham, NC Office
(919) 806-4570

Purpose

- Overview of Health and Safety Library
- Demonstration of Health and Safety Library site
- Overview of Curricula Catalog

What is the Health And Safety Library (HASL)?

HASL is a repository of important health and safety-related documents produced by awardees, private industry, and government agencies.

Health and Safety Library

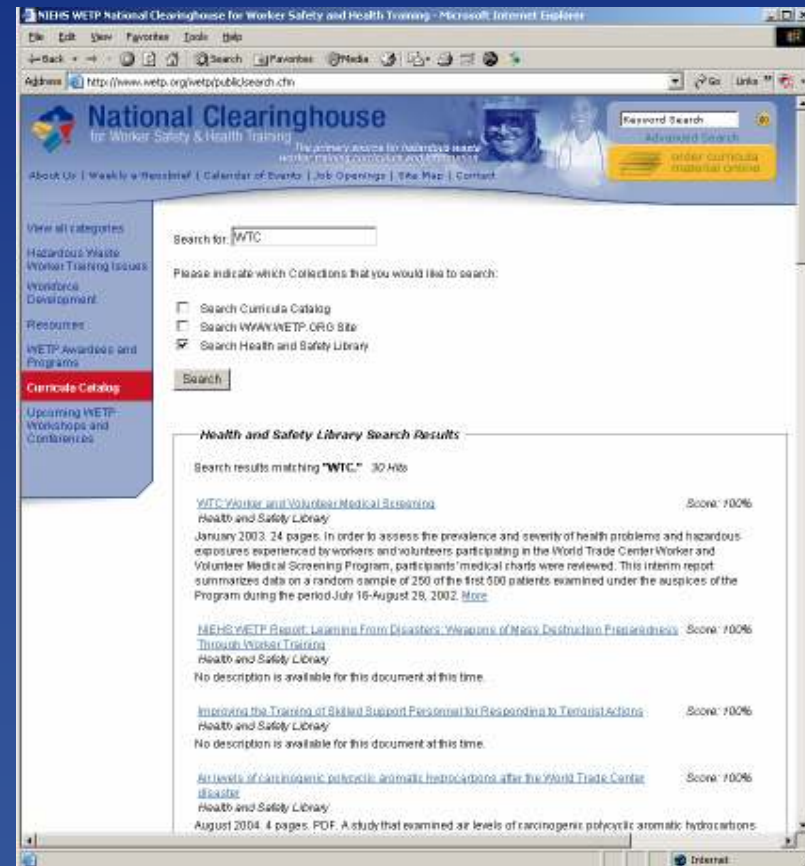

- Health and Safety-related documents
 - Easy to search
 - Easy to download
 - Easy to find by category

Searching the Health And Safety Library

- Search is easy to use
- Search by keywords
- Search by category
- Can be combined with Curricula Catalog and site search

Demonstration of Health and Safety Library Site

Operated by MDB, Inc.

Curricula Catalog Objectives

- Better integration of DMS modules
- More robust and scalable DMS
- Update Curricula Catalog public and awardee administrative screens
- Update Curricula ordering/downloading

Curricula Catalog Issues

- Poor integration of DMS modules
- Complex Curricula Catalog forms are difficult to maintain and enhance
- System will no longer accept multiple files for each course item
- Curricula ordering and downloading screens are difficult to use

Curricula Catalog

- Existing screens are very complex and hard to use.

The screenshot shows a web browser window titled "Welcome to WETCIS - Microsoft Internet Explorer". The address bar shows the URL "https://www.epa.gov/nheh/nheh/wetcis/curriculum/curriculum.cfm". The main heading is "WETP CURRICULA INFORMATION & DATA MANAGEMENT SYSTEM". Below the heading is a navigation bar with tabs: "Browse Catalog", "Health & Safety Library", "Reports", "Curricula/Data Entry", "Progress Reports", "Admin Functions", and "Awarded Info". The "Curricula/Data Entry" tab is selected. On the left is a sidebar menu with links: "NHEHS Home", "WETP Home", "Curriculumhouse", "Curricula/Data Entry", "Add Course", "Add Course Item", "Course Edit List", "Log off", and "Contact WETP Staff". The main content area is titled "EDIT COURSE" and shows a form for editing course information. The form includes fields for "Course No.", "Course Title", "Type of Course", "Description", "Training Provider", "Instructor Quals", "Training Driver", "Language", "Open Enrollment", "Delivery Method", "Course Length", "Credits", "Fee", and "Intended Audience". The "Course No." field is populated with "101-23 (AKA 170049) (Last Date Edited: 09/15/2004)". The "Course Title" field is "40-Hour Hazardous Waste". The "Type of Course" field is "Basic Superfund Site Worker (101)". The "Description" field is "Subject matter: OSHA 1910.120 regulation, Worker Right to Know, personal protective equipment, training to allow members to work on Superfund". The "Training Provider" field is "CENTER TO PROTECT WORKERS RIGHTS (CPWR)". The "Instructor Quals" field is "Must attend a regular hazardous waste course and go through as train-the-trainer taught by CPWR". The "Training Driver" field is empty. The "Language" field is "English". The "Open Enrollment" field is "Yes". The "Delivery Method" field is empty. The "Course Length" field is "40". The "Credits" field is empty. The "Fee" field is empty. The "Intended Audience" field is "CPWR connection members".

Operated by MDB, Inc.

Curricula Catalog (continued)

- Multi-page HTML forms
- Multiple Forms on the same page
